

String W1 Wall Lamp - Silver & Orange

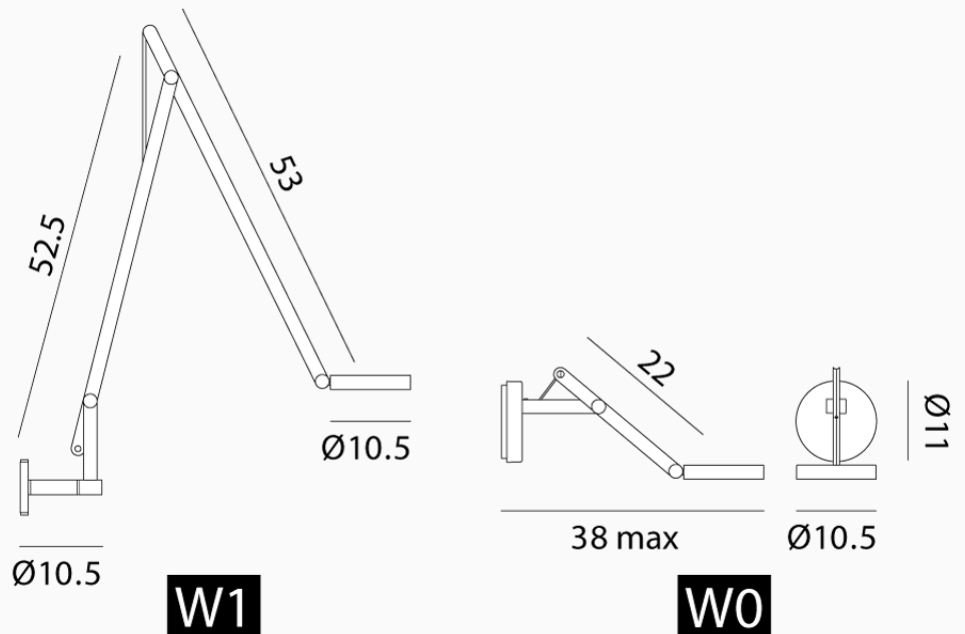

Description

The String Wall light is part of the String collection by Rotalliana. The adjustable head made with moulded plastic is easily handled and offers flexibility in positioning the direction of the light beam. The structure of the two arms is made of extruded aluminum. The movement is balanced by the elastic cable, sheathed in synthetic coloured fabric. The String also features a push sensitive dimmer that controls the light source. The String comes in Silver or Matte White or Black with White, Black or Orange fabric cabling. Available in two sizes.
